

Thunderbolt2 Cable

Apple Thunderbolt2 cable for Mac, .5-meter or 2-meters long

PN: OSS-TB-CBL

Features

- .5-meter or 2-meters long
- 20Gbit/sec per channel
- Thunderbolts technology supports blazing-fast data transfer with two independent channels of 10Gbit/s each. Use the Thunderbolt2 cable to connect your iMac or MacBook Pro to the CUBE products for a high-speed connection.
